PROFESSIONAL SUMMARY

Versatile and driven Computer Science graduate with hands-on experience in software development, cybersecurity fundamentals, and data analysis. Proven ability to deliver impactful technical training and contribute to data-driven decision-making. Eager to apply analytical and development skills to dynamic roles in tech, especially in cybersecurity, software engineering, or data analytics.

SKILLS

Programming & Scripting: Python, JavaScript

Web Development: HTML, CSS, React.

Cybersecurity: Linux, Networking basics

Data Tools: Excel, MySQL.

Project Management: Trello, Notion

Soft Skills: Problem-solving, Communication, Teamwork, Teaching

WORK EXPERIENCE

Intern, Unimak Workflow Innovation Hub

November 2024 – April 2025

- Delivered foundational computer classes to over 20 students on topics including Python, Microsoft Office, and cybersecurity.
- Collected, cleaned, and analyzed institutional data using Excel, improving workflow efficiency by 25% through monthly reporting.
- Supported the development of an academic performance dashboard using Power BI, enabling better data-driven decisions for faculty.

PROJECTS

Personal Portfolio Website

- Designed and deployed my personal site using HTML, CSS, and JavaScript to showcase projects and contact information.

EDUCATION

University of Makeni (Unimak)

Bachelor of Science in Computer Science

2020 – 2024

Saint Francis Secondary School

WASSCE Certificate

2015 – 2019

Albert Academy School

Jss1 – Jss2

2012 – 2014

CERTIFICATIONS

- Introduction to Cybersecurity – Cisco Networking Academy
- Data Analysis with Python – freeCodeCamp
